SENATE CONCURRENT RESOLUTION No. 12

REGULAR SESSION, 1964

A CONCURRENT RESOLUTION

By: Messrs. Knowles, Tessier, Davis, Ponton, Broussard, Montgomery, and Reps. Hogan, Cooper and McMillian

WHEREAS, this state and this country face grave public danger from enemies both within and without our boundaries, and

WHEREAS, these subversive groups and persons under the color of protection afforded by the Bill of Rights of the United States Constitution seek to destroy us and the ideals which we fought to preserve and subject us to the domination of foreign powers and ideologies, and

WHEREAS, Louisiana, as one of the laboratories of this great country, may study profitably this problem within its boundaries and enact remedial legislation if facts therefor are made available, and

WHEREAS, necessary and desirable legislation to meet this grave problem and to assist local enforcement officers to be effective must be based on a thorough and impartial investigation by a competent and active legislative committee.

THEREFORE BE IT RESOLVED by the Senate of the Legislature of the State of Louisiana, the House of Representatives concurring therein, that there is hereby created the Joint Legislative Committee on Un-American Activities, which Committee shall consist of ten members, five to be appointed by the Speaker of the House of Representatives from the membership of the House and five to be appointed by the President of the Senate from the membership of the Senate, which committee shall study, investigate and analyze all facts relating directly or indirectly to the subject expressed in the recitals of this resolution; to the activities of groups and organizations which have as their objectives, or as part of their objectives, the overthrow or destruction of the State of Louisiana by force, violence or other unlawful means; to all organizations known to be or suspected of being dominated or controlled by a power seeking to impose a foreign political theory upon the government and people of the State of Louisiana, and all organizations

seeking by force, violence or other illegal means to deprive any citizens of the State of Louisiana or the State of Louisiana itself from the rights guaranteed to the citizens and the States by the Constitution of the United States; to all persons who belong to or are affiliated with such groups or organizations; to the manner and extent in which such activities affect the safety, welfare and security of this state and the citizens of this state in National Defense, the functioning of any state agency, unemployment relief and other forms of public assistance, educational institutions in this state, including but not limited to the operation, effect, administration, enforcement and needed revision of any and all laws in any way bearing upon or relating to the subject of this resolution.

Be It Further Resolved that the Committee shall have the authority to:

(a) Select a chairman and a vice chairman from its membership; and to employ and fix the compensation of a secretary and such legal, clerical, investigative, expert and technical assistants as it may deem necessary.

(b) Contract and deal with such other agencies, public or private, as it may deem necessary for the rendition and affording of such services, facilities, studies and reports as will best enable the committee to carry out the purposes for which it is created.

(c) Cooperate with and secure the cooperation of parish, city, and other law enforcement agencies in investigating any matter within the scope of this resolution.

(d) Cooperate with and meet with similar committees of other states and of the Federal Government, or representatives thereof, outside of this state, and expenses necessarily incurred in connection therewith by any of the members or staff of the committee, thereunto duly authorized by the chairman, shall constitute a proper charge against the sums allocated to the committee.

(e) Do any and all other things necessary or convenient to enable it fully and adequately to exercise its powers, perform its duties, and accomplish the objects and purposes of this resolution, and

(f) Adopt and from time to time amend such rules governing its procedure as may appear appropriate.

Be It Further Resolved that every department, commission, board, agency, officer and employee of the State Government of Lou-

isiana and of any political subdivision, parish, city or public district of or in this state, shall furnish the committee and any subcommittee, upon request, any such information, records and documents as the Committee or subcommittee deems proper for the accomplishment of the purposes for which the committee is created; provided, however, that this provision shall not extend to, nor shall it be construed to make available to the committee or any subcommittee thereof, any record or other document which under the law is made a confidential record.

Be It Further Resolved that the committee shall have the power and authority to hold hearings at any place in Louisiana, which meetings may be public or private, to subpoena witnesses, administer oaths, require the production of books and records pertinent to any inquiry before the Committee and to do all other things necessary to accomplish the purposes of this resolution.

Be It Further Resolved that the Committee shall have authority to apply to any court of competent jurisdiction for enforcement of any order issued by it for the production of books, records or other documents or to compel the attendance of any witnesses subpoenaed to appear before it and, upon request of the committee, the Attorney General shall prosecute any witness who is guilty of refusal to testify or who gives false testimony, and persons guilty of false swearing or of giving false testimony shall be punished in accordance with the criminal laws of this state relating to false swearing or perjury, as the case may be, and

Be It Further Resolved that the committee shall submit its findings and recommendations to the Legislature at each of its regular sessions and at such other times as the committee may deem necessary and desirable.

Be It Further Resolved that the members of the committee created herein shall serve without compensation but shall receive the same per diem and travel allowance in the performance of their duties as is provided for members of the Legislature.

Be It Further Resolved that the per diem and travel allowance herein authorized and all other expenses incurred by the committee shall be paid out of funds appropriated or otherwise dedicated for the use of the committee; provided, however, that the disbursements for all expenses incurred by the committee, including the payment of per diem and travel allowances for

THE WITNESS, JACK N. ROGERS, ESQ., AFTER FIRST HAVING BEEN DULY SWORN TO TELL THE TRUTH, THE WHOLE TRUTH, AND NOTHING BUT THE TRUTH, SO HELP HIM GOD, TESTIFIED AS FOLLOWS:

BY MR. ROGERS:

Mr. Chairman, and gentlemen of the Committee, this investigation at the request of the Committee has been made into the current operations of the so-called "Ku Klux Klan" in Louisiana. I want to make the point clearly for the Committee, that we have strictly limited this investigation solely to those Klan groups active in Louisiana at this time. We have made no effort to go into the good or bad reports concerning the two previous manifestations of the Ku Klux Klan, or into the present Klans of any other State. There are significant reasons for this. First, the two earlier Klans which existed in the United States and in the State of Louisiana have been long since totally and completely disbanded, and are not in any way alive today, other than through the ritual connected with the great bulk of the Klan operations in the State of Louisiana. I will discuss this point later in the Hearing with further information.

Just purely for background information, as you gentlemen undoubtedly know, the Ku Klux Klan was originally organized in 1866, and was officially disbanded in 1869, although the reconstruction period and scattered Klan activities did continue in some areas of the South for an additional five or six years after that.

After the original Klan was disbanded there were no further large scale open manifestations of the Ku Klux Klan in the South until about 1915. During that year a Rev. William J. Simmons

of Georgiu set up an organization called "The Ku Klux Klan, Inc." which was chartered by the State of Georgia as a fraternal and philanthropic organization. It employed the general regalia of robe and peaked hood of the original Ku Klux Klan, and some of the officer-titles and portions of the ritual of the old Klan, as was preserved at that time in memory of some of the older men who had been in the first Klan.

The 1915 Klan probably hit its high point of public acceptance in the year, 1925. During that year about 25,000 robed and hooded Klansmen paraded on foot and in cars in Washington, D. C. The Klan at that time was broadly spread across the United States, and was not limited to the South at all. The largest single delegations, for instance, to the Washington parade that year, were from New Jersey, Indiana, Ohio, and the Virginias. The Klan had become, during those years, a very substantial political force and power in this country, and remained so until about 1928 when its power began to wane, and eventually it died out prior to World War II.

In the early part of World War II, to some minor degree, the Klan came back through some isolated organizations, primarily in the State of New Jersey, where certain meetings were held jointly by the Klan and the "German-American Bund."

I have here a picture in a book entitled, "Undercover," by John Roy Curison, showing a photograph taken on August 18, 1940 at a camp of the German-American Bund, depicting a joint meeting between the Ku Klux Klan of that day, and the Bund. This is the only picture which I have been able to locate of the actual meeting itself. I offer it for the Committee's examination.

This particular Klan Organization, which was in operation in New Jersey at that time, was not in any way connected with any of the Klan Organizations which are operating in Louisiana today. However, that particular incident in 1940, and some others of the same period, were the original reasons for the Ku Klux Klan being placed upon the "subversive list" of the Attorney General of the United States, as a subversive organization.

I have here a copy of that list and there are four organizations with Klan names, or Klan backgrounds, on the list. They are: "Ku Klux Klan;" "Associated Klans of America;" "Associative of Georgia Klans;" and "Knights of the White Camellia."

The Attorney General of the United States has determined, and officially held as an administrative determination, that these organi-

zations are such as would deny to citizens of the United States their rights under the Constitution. The actual wording of the Attorney General's determination was, in characterizing these groups, that they were: "Organizations which have adopted a policy of advocating or approving the commission of acts of force or violence to deny others their rights under the Constitution of the United States." You will note that these designations were made in the years of 1947, 1948, 1949, and 1950, and are not recent. The Klan organizations operating in Louisiana today were not in existence at that time; they are different and separate groups. Of the four such groups which operate in this State at this time, three of them are totally autonomous in the State of Louisiana, having no ties of any kind outside of the State. The fourth group does have connections outside the State, and I will go into this in detail later.

There is no such thing, gentlemen, as "The Klan." There are about 14 different groups who use the name "Klan," operating across the Southern United States, and up into the Central United States at this time. Four such groups operate in Louisiana.

According to our estimate there are some 18,000 to 19,000 members of all of the Klans in the State of Louisiana at this time. Our estimate of the total strength of Klan members in Louisiana, must of necessity be an estimate, because the Klan leaders with whom we have talked refused to disclose the numbers of their members in any of the different groups. We have made our estimate on the basis of discussions with informants who are actively participating in Klan activities, and to a very great extent from police estimates from many different police sources throughout the State of Louisiana. The Klan started in Louisiana in its most recent form around the year 1959. Immediately prior to this there was no open Klan activity in the State at all. At a later point in the Hearing, I will discuss this with the Committee, and show the Committee why this was.

The four groups in Louisiana may be described as follows: The largest and most substantial is known as, "The Original Knights of the Ku Klux Klan." This group is led by Murray Martin, of Winnsboro, Louisiana, and probably has in the neighborhood of 14,000 or more members in the State. This comprises the great bulk of the Klan members within the jurisdiction of this Committee. The Original Knights of the Ku Klux Klan is descended from an organization which was known as, "The Old Original K K K," which first chartered a group in Louisiana in 1959 in the Monroe area. The Imperial Wizard of the group at that time was a man named Davis from Dallas,

Texas; and the Grand Dragon in Louisiana was a man named Young from Shreveport. There have been certain modifications of the name and form of the organization since, until it now appears in the current configuration which I have described to you.

The second largest Klan Organization in the State of Louisiana at this time is called, "The United Klans of America." The Imperial Wizard of this group is Robert Shelton, of Tuscaloosa, Alabama; and the Grand Dragon in Louisiana is a Mr. J. M. Edwards, of Jonesboro, Louisiana. This Klan group is the only one that has any definite ties, organizationally, with any other organization outside the State of Louisiana.

The third largest Klan group in Louisiana is an organization called, "The Louisiana Ku Klux Klan." We have, in our Steff studies called this group the "Feliciana Group," or the "Five Parish Group" because it operates mainly in five Parishes, all bordering on the Mississippi line to the north and east of Baton Rouge, namely: East and West Feliciana Parishes, St. Helena Parish, St. Tammany Parish, and Washington Parish. It has occasional Klaverns in two or three other Parishes, but it does not operate to any significant degree other than in the five which I have mentioned to you. The leader of this group is, to the best of our information, Charles Christmas of Amite, Louisiana. An interview was scheduled with Mr. Christmas, but he cancelled it and refused to consult with us. He did state that his answers to our questions would be substantially the same as those given by Mr. Murray Martin. The Louisiana Ku Klux Klan is actually an off-shoot of the Original Knights of the Ku Klux Klan. We don't know exactly why they left the leadership of the Original Knights of the Ku Klux Klan, but they have done so, and they are now operating a separate function entirely.

The fourth largest Klan Organization is known as "The Original Ku Klux Klan of America, Inc." The Imperial Wizard, or national head of this group is Houston P. Morris, of Monroe, Louisiana. Mr. Morris was formerly a Klan organizer from Zachary, Louisiana, in one of the other organizations, and he left the other group to form his own Klan. He became Imperial Wizard, from which office he has continued to direct his organization. His group is small, with a small bank account of less than three figures at the time we made a check on it. His membership is confined, as far as we have been able to ascertain, generally to the Ouachita Parish-Monroe, Louisiana, area. He has extended his operations to some degree into Arkansas, but we are informed that this has not been particularly successful. We talked privately to Mr. Morris but did not formally interview him because

his group is small, and he was not agreeable to a formal interview.

We have been able to interview the two major Klan leaders in Louisiana, the first and most important of which is Mr. Murray Martin, Grand Dragon of the Original Knights Of The Ku Klux Klan. I have already reduced his staff consultation which was taken under oath on April 17 of this year, to writing, and I would like to offer it to the Committee at this time. The Committee has already heard the tape-recording of this Staff Consultation, and we would like to offer into the record the written transcript of the consultation itself.

TRANSCRIPT OF STAFF CONSULTATION HELD ON APRIL 17, 1965, AT 7:22 P. M., at COLUMBIA, LOUISIANA. JACK N. ROGERS, ESQ., COMMITTEE COUNSEL FOR THE JOINT LEGISLATIVE COMMITTEE ON UNAMERICAN ACTIVITIES, PRESIDING.

BY MR. ROGERS:

Under the power vested in me by Senate Resolution #12, Regular Session, 1964, and the Rules of the Committee, I now swear the first witness in this Staff Consultation.

THE WITNESS, MR. MURRAY MARTIN, AFTER FIRST HAVING BEEN DULY SWORN TO TELL THE TRUTH, THE WHOLE TRUTH, AND NOTHING BUT THE TRUTH, SO HELP HIM GOD, TESTIFIED AS FOLLOWS:

DIRECT EXAMINATION

BY MR. ROGERS:

Q—Please give me your name, sir?

A—Murray Martin.

Q—Where do you live, Mr. Martin?

A—In Winnsboro, Louisiana.

Q—Where and when were you born?

A—At Tioga, Louisiana, 1924, June 1.

Q—What do you do for a living?

A—I am a building contractor.

Q—What is the correct name of the Klan Organization you represent?

A—The Original Knights of the Ku Klux Klan.

Q—What is the title of your Klan office, and what level of leadership does that title mean?

A—I am Grand Dragon, and the level of leadership would be

17

the same as the Chairman of the Board of Directors.

Q—What geographical area does that cover?

A—The State of Louisiana.

Q—Is your Klan Organization connected with any other Klan Organization?

A—We are loosely connected with another Klan Organization, yes, sir.

Q—If so, which one is that?

A—We are connected with the National Association of Klans known as the Associated Klans of America.

Q—Mr. Martin, who is the national head of your Klan Organization?

A—We have no national head.

Q—As I understand your testimony, you are the head in the State of Louisiana, is that correct?

A—That's true.

Q—How and by whom are the objectives of your organization determined?

A—They are determined by a Board of Officers.

Q—Is it a large Board?

A—Relatively small.

Q—Are the people who determine your policy on this Board all citizens of the State of Louisiana?

A—That is right, that is true.

Q—Is your organization connected in any way with the Communist Party?

A—Definitely not.

Q—How about any other foreign party, or agency, or government?

A—No, sir.

Q—Would you care to elaborate on that, sir?

A—One of our questions asked of all candidates is this: "Do you esteem the United States of America and its institutions above any government, civil, political, or ecclesiastical in the whole world?" And another one is: "Are you absolutely opposed to and free of any allegiance of any nature to any cause, government, people, sect, or ruler that is foreign to the United States of America?" Both of these questions must be answered "yes" before the candidate can proceed.

Q—Are these questions asked your prospective members under oath?

A—They are.

Q—Is any Pledge or Oath of Allegiance required of all of your members?

A—Yes.

Q—Does this in any way infringe upon, or negate, complete loyalty to the Constitution of the United States?

A—No, sir, in fact they must swear allegiance to the United States to become a member.

Q—Would you mind telling us what words are required to do this? Can you do this?

A—I can and I will. This is part of the Oath: "I most solemnly assert and affirm, that to the Government of the United States of America, and any State thereof of which I may become a member, I sacredly vow unqualified allegiance above any other, and every kind of government in the whole world. I here and now pledge my life, my property, my vote, and my sacred honor to uphold its flag, its Constitution, and Constitutional Laws and will protect, defend, and enforce same unto death."

Q—Mr. Martin, what is the policy of your Organization as to law violations?

A—I will again quote from our Oath: "I swear that I will always, and at any and all times, and in all places, help, aid, and assist the duly constituted officers of the Law in the proper perform-

ance of their legal duties."

Q—Would you explain what policy your Organization has toward a member who might be involved in a crime, caught, and convicted?

A—If and when he is convicted, then he is either expelled or banished from the Organization. Does that explain it pretty well?

A—Yes, sir.

Q—What are the qualifications for membership in your Organization?

A—Of course, a man must be of good character, first.

Q—How do you determine that, Mr. Martin?

A—We have a system of elections whereby a man may enter into our Organization, and he is first invited to join after having been cleared by all of the members, and his name is published in two regular meetings, and any one man in the Organization can, if he so desires, stop the admittance of any man.

Q—By "Organization" you mean on the local level?

A—On the local level.

Q—Do you have any special name for the local level group?

A—Klavern. This also is in our Oath and I would like to give that to you.

Q—Would you, please?

A—The candidate or the man being initiated has to swear that: "I will never recommend any person for membership in this Order whose mind is unsound, or whose reputation I know to be bad, or whose character is doubtful, or whose loyalty to our Country is in any way questionable."

Q—What other qualifications do you have for membership, Mr. Martin?

A—A man must first believe in the tenets of the Christian Religion. Would you like for me to give you all of the qualifying questions?

Q—Would you, please?

A—All of these questions must be answered "yes" by any person seeking admittance into our Organization: First, "Is the motive prompting your ambition to be a Klansman serious and unselfish?" Second, "Are you a native-born white gentle American citizen?" Third, "Are you absolutely opposed to, and free of any allegiance to any nature to any cause, government, people, sect, or ruler that is foreign to the United States of America?" Fourth, "Do you believe in the tenets of the Christian Religion?" Fifth, "Do you esteem the United States of America and its institutions above any other Government, Civil, Political, or Ecclesiastical in the whole world?" Sixth, "Will you, without mental reservation, take a solemn oath to defend, preserve, and enforce same?" Seventh, "Do you believe in Klanism, and will you practice same towards Klansmen?" Eighth, "Do you believe in, and will you faithfully strive for the eternal maintenance of white supremacy?" Ninth, "Will you faithfully obey our Constitution and Laws and conform with them to all of our usages, requirements, and regulations?" Tenth, "Can you always be depended upon?"

Q—Mr. Martin, are there any other qualifications for membership other than the ones you have read to me?

A—I believe not. I would like to say that we are trying our best to eliminate any undesirables from our Organization. I would also like to state that we have no sex-perverts, or homosexuals, or bestnicks in our Organization, and I defy anyone to find them.

Q—Approximately how many members do you have in the State of Louisiana?

A—This, I must respectfully decline to answer, since to answer it would put me in violation of the Oath that I have taken to the Klan.

Q—What are the objectives of your Organization?

A—Our objectives are to return our Government to the Constitution. We believe in constitutional government. We have a set of goals, a written one that I would be glad to send you. I am sorry I do not have one with me. It lists our goals and our hopes for the future. Of course, our prime purpose is the preservation of individual and national liberty.

Q—Do you ascribe, as an organization, to this written state-

ment of principles that you are going to send me—this written statement of objectives?

A—Yes, I do.

Q—By what means does your Organization propose to realize these objectives?

A—Through governmental affairs, the education of ourselves and the general public as to the trend of Government towards the left and continuing headlong flight towards Communism.

Q—I understand from this that you mean primarily by education, is this correct?

A—Well, no, of course, after you educate yourself, then we will vote at the polls to remove such scoundrels that propose and keep proposing legislation to sell us to the "one world government."

Q—Does your Organization in any way propose to achieve its goals by violence, or any means other than the political action that you are describing?

A—No, sir, we do not advocate violence.

Q—Mr. Martin, what protection have you got built into your organizational structure or procedures to protect your Organization from people who would use the cover of the existence of the Klan to commit crime?

A—Our Organization actually is based upon, and its primary function is by, Committees; such Committees as an Investigating Committee, and should this violence, or lawbreaking, or crime come to our attention, of course, this Committee would investigate, and should we be successful, we would turn the person over to the Law, or at least tell the Law who he was so that we wouldn't get the blame for it. We have gotten the blame for a lot of it in the past and we hope we can help to stop it. Our prime purpose, of course, is not to avoid the blame, but to assist the law enforcement officers in their duties. As I have already stated, that's in our Oath that we should do so, and we do.

Q—Will you furnish our Committee with samples of the literature and printed materials used by your Organization? You understand, we don't expect you to give us something that you have sworn to keep secret, but we would like samples to the limit of what you

Dear Sir:

Since reading an article in the Correspondent Times last Saturday, February 13, and the editorial in the Times and the editorial in the Times of February 15, and the editorial in the Times of February 16, I have been somewhat perplexed. I thought an investigation of the Ku Klux Klan, a General Klan, along with three other organizations.

Now, Mr. Knowles, I have invited Mr. Edwin J. Willis, whom I understand you know, and have vigorously advocated the United Klans of America, Inc. and have furnished him the findings of HUAC to be published.

By virtue of your relationship with the Joint Legislative Committee on Un-American Activities, I also invite you to investigate the same organization also and make public your findings.

If you would be so kind as to encourage Mr. Willis to investigate us and publish his findings, I would appreciate it very much.

Any questions you may have concerning United Klans of America, Inc. I would be very pleased to try to answer.

I shall anticipate hearing from you soon. Meanwhile I remain sincerely,

AN INTRODUCTION TO THE

Knights of the Ku Klux Klan

STATE OFFICE
 DRAWER K
 HODGE, LA

AN INTRODUCTION TO THE KNIGHTS OF THE KU KLUX KLAN

After the ramm fell silent and peace descended upon the battlefields of the great Civil War, there came a dark and ominous chapter of American history called, "The Reconstruction." From this era, this day of utter human misery and despair, there arose like the morning sun the KU KLUX KLAN. This Order provided for the people of the South the leadership and raising point to begin their long and arduous struggle to regain their lost dignity. The noble and glorious ride of the Ku Klux Klan of the Reconstruction era is immortalized by its achievements. No errors of omission or commission by the old order historians can dim the lustre of its deeds, or rob it of its rightful place in history as the saviour of the South, and thereby, the saviour of the nation, for had there been no ride of the Ku Klux Klan there would not today be fifty stars in the flag that graces the dome of our Nation's Capitol.

To keep alive the memory of the original Klan and the principles, traditions, and institutions which they raised they have to preserve for themselves and for posterity, the men of today who appreciate the past and the chivalric work, have established a living, lasting memorial in them in the organization of the United Klans of America, Knights of the Ku Klux Klan. The United Klans of America (U.K.A.) is a national fraternal order composed of real American men of the nation with contemporary beliefs in the preservation of the fundamental principles, ideal, and institutions of the pure Anglo-Saxon civilization and all the fruits thereof.

WHAT THE KLAN STANDS FOR

A AMERICA FIRST First in thought, first in affection, and first in the galaxy of Nations.

B BENEVOLENCE In thought, word and deed based upon justice and practically applied to all. To fight the wrong, to avenge the weak and unfortunate, to help the worth, and to relieve the distressed.

C KLANISHNESS Real fraternity practically expressed—standing by and sticking to each other in all things, honorable encouraging, protecting, cultivating, maintaining the real "fraternal human relationship," to shield and espouse each other—happiness and welfare. A devoted unflinching loyalty to the principles, tradition and purposes of the Order in promoting the highest and best interest of the community, state and nation.

WHAT THE KLAN IS

The Knights of the Ku Klux Klan is a fraternal order promulgating fraternal conduct, and not merely a "social association." It is a fully incorporated, legally recognized institution founded in purpose, noble in sentiment, and practical in results. It should command the hearty respect of all real Americans throughout the nation. It is an association of like men who believe in being something in doing something worthwhile, and who are in all things 100% pure American. Yes, it is vastly more than merely a social fraternal order.

PREREQUISITES TO CITIZENSHIP IN THE INVISIBLE EMPIRE

This order is founded upon dependable character. It is not an ultra exclusive institution, but its membership is composed of "picked" men.

No man is allowed in this Order who hasn't manhood enough to assume a real Oath with serious purpose to keep the same inviolate.

No man is allowed in the Order who will not or cannot swear an unqualified allegiance to the Government of the United States of America, its flag and its Constitution.

No man is allowed in this Order who does not believe in the Government of the United States of America above any other government, civil, political or ecclesiastical in the whole world.

No man is allowed in this Order who cannot practice real fraternity towards each and every one of his oath-bound brothers.

Only native-born white, gentile, protestant, American citizens of at least eighteen years of age, who believe in the tenets of the Christian religion, and have no allegiance of any degree of nature to any foreign government, nation, political institution, sect, people or person, are eligible.

Because certain individuals at various times have committed acts of violence under cover of darkness, and clothed by masks and robes somewhat resembling the official regalia of the Knights of the Ku Klux Klan, they have been classed as members of this organization. The Knights of the Ku Klux Klan is a strictly law-abiding organization and every member is sworn to uphold the law of the land and assist officers of the law in preventing crime and wherever the law is violated, and any member violating this oath would be banished forever from the organization.

Exhibit 10. Policy statement furnished by Mr. J. M. Edwards.

Exhibit 11. Page 2 of Exhibit No. 10.

It were to be any white American citizen who owns, migrates, to another land, we are Americans. But who cannot understand it and suggest these principles in his future to hold his peace for to be fairly treated of the great flag and its government that guarantee to his life liberty and the pursuit of happiness. A person who so overtly opposes these vital principles is a dangerous resident in the body politic of our country and an enemy to the well of our national commonwealth.

The Knights of the Ku Klux Klan of today takes out not upon the backs of the faithful blood of yesterday, but in the mind, heart and soul of every true American citizen who loves our great country and who shares in the name America, and who is honest enough as a grateful son to perpetually memorialize the memory of our fathers and to cherish the boon of our majestic heritage unimpaired, unscrupled and unimpaired to the generations who follow us that the lustre of our age may increase in splendor.

The Knights of the Ku Klux Klan, regardless of statements made to the contrary, either in many instances or with deliberate intent to misrepresent it, has not made it not now making and does not intend to make any light of the Roman Catholic Church as a religious institution, but it will unflinchingly and unhesitatingly oppose any move of the Catholic Church or of any other church, individual or organization, which attempts to bring about a combination of church and state in these United States.

The Knights of the Ku Klux Klan concede to every man the right to worship God as he sees fit and in his own way or to worship him not at all, and while it advises, strictly to the profit of the Christian religion, it seeks to quarrel with any individual or organization because of religious differences.

The Knights of the Ku Klux Klan is not the enemy of the negro. It opposes and will continue to oppose the efforts of certain negro organizations and individuals which are sowing the seeds of discontent and racial hatred among the negroes of this country by preaching and teaching social equality and misrepresentation of the races. We believe, it is possible for the races to live together in peace and unity only upon confidence that each race recognize the rights and privileges of the other. Yet, we hold it is obligatory upon the negro race, and upon all other colored races in America to recognize that they are living in the land of the white race by courtesy of the white race, and the white race cannot be expected to surrender to any other race, either in whole or in part, the control of its vital and fundamental governmental affairs.

There are rights which the negro race and all other colored races have as citizens of this country which the white race—the ruling race

—is bound to respect, but they must not, unduly or collectively, lose sight of the fact that the white race is the ruling race by right of majority, and that it does not intend to surrender this right or to compromise it with any other race—blacks, yellow or browns.

Let the negro race and all other races, living within our borders, advance and develop and prosper all that they may, but let it be done through their own merit and without the use of force without the loss of the rights of others. Let them understand that in the long run the white man always has proved himself the friend and the savior of all other races in whatever land or time the races have come in contact, and let them not be misled by false prophets, who utter not but appear to their passions, unscrupled by wild promises that they know can never be fulfilled.

No Jew can obtain citizenship in the Knights of the Ku Klux Klan. At every Klavern meeting, Jesus Christ is lauded and His teachings expounded. The constitution and regulations of the Order set forth that the living Christ is the highest criterion of character. Therefore, it would be unwise to allow the Jew to enter into the fellowship with the Klavern by appealing to his patriotism, and then have him cease to attend because every meeting would be out of harmony with his religious convictions.

THE KNIGHTS OF THE KU KLUX KLAN AND COMMUNISM

Be it known, that the Knights of the Ku Klux Klan was YESTERDAY, is TODAY and will FOREVER be opposed to Communism in any form and to its fellow-traveler organization, The Knights of the Ku Klux Klan will fight to our last breath, using every means at our disposal to rid our country of this insidious plague of mankind.

Q—What process is used to determine policy or objectives?

A—A democratic assembly, Mr. Rogers.

Q—Is your organization connected in any way with the Communist Party, or any other foreign party, agency or government?

A—No, sir, it is not.

Q—Is any pledge or oath of allegiance required of all of your members?

A—Yes, indeed.

Q—Does this oath in any way infringe upon, or negate, complete loyalty to the Constitution of the United States?

A—No, Mr. Rogers, did you say "infringe or negate"?

Q—Does the oath which your members take infringe upon their loyalty to the United States, or negate in any way their loyalty to the United States?

A—No, sir, that oath does not.

Q—Would you explain that, please?

A—(No answer.)

Q—Can you give me the oath?

A—I will explain that, Mr. Rogers. The oath swears unqualified allegiance to the government of the United States of America, its Constitution and laws. May I just quote the section which has to do with allegiance?

Q—Go right ahead.

A—"I most solemnly assert and affirm that to the government of the United States of America, and any State thereof of which I may become a resident, I solemnly swear an unqualified allegiance above any and every kind of government in the whole world. I here and now pledge life, property, vote and sacred honor to uphold its flag, its Constitution, and Constitutional Laws, and will protect, defend and enforce same unto death."

Q—Mr. Edwards, what is the policy of your organization as to law violations? Is there anything in your oath concerning this?

A—The attitude of the Order concerning law violations is the same as it would be on the part of any good American citizen. I repeat that for you: "I most solemnly promise and swear that I will always, at all times, and in all places, help, aid, and assist the duly constituted officers of the law, in the proper performance of their legal duties."

Q—What are the qualifications for membership in your organization?

A—He must be a white man, a Protestant person who believes in the tenets of the Christian Religion, and of sane mind, of course.

Q—Do you do any screening of people to keep out undesirable elements or people who might have criminal records, or anything like that?

A—The very best that it is possible to do.

Q—What do you do after you have gotten members in if you find out that they are involved in violations of law?

A—(No answer.)

Q—How do you take care of that, how do you handle that within your organization?

A—Any member or any person, for that matter, whose unlawful acts come to the attention of our people are reported to the proper authorities. Our organization does not harbor those who commit unlawful acts.

Q—Are they allowed to remain in the organization?

A—No, sir, this Order does not provide for a person who conducts himself contrary to the tenets of the law he has sworn to uphold, rather than to violate. As soon as any act of unlawfulness is discovered on the part of a member of this Order, he is immediately expelled.

Q—Approximately how many members do you have in the State of Louisiana, Mr. Edwards?

A—I am not at liberty to answer that question, Mr. Rogers.

Q—Can you tell us how many local Klaverns you have in Louisiana?

A—No, sir, I am not at liberty to reveal that.

Q—Why is that, are you sworn under some oath not to reveal that?

A—Yes, sir.

Q—What are the objectives of your organization?

A—The objectives of this Order shall be to unite all white male persons, native-born gentiles of the United States who owe no allegiance of any nature to any other government, nation, institution, ruler, sect or people; to unite people whose morals are good, whose reputations and vocations are respectable, whose habits are exemplary, who are of sound mind, and 21 years of age or more, to a common oath of brotherhood of strict regulations, and also to cultivate and promote patriotism toward our civil government.

Q—After you unite them, is the function of the organization directed solely at improving yourselves, the members, or do you have some outward manifestation of your objectives?

A—Certainly it has as its objective to improve the individual, and I think this is best done by virtue of the fact that we hold Christ himself as our criterion of character, and never in a Klavern meeting will a person stay without hearing the name of Christ proclaimed, and His principles sounded. Then in the community, I think that you will find it hard to determine any difference in the works of the people in this Order and in any other civic service, or social organization, because I think the efforts overlap in every one of these areas.

Q—Do your members aim, and are the objectives of your organization in any way directed, toward political action?

A—No, sir, I couldn't say that they are directed toward political action, but certainly men with these objectives would participate in governmental affairs; that's a responsibility of any citizen.

Q—How do you propose to realize the objectives that you have set forth here, by any means other than education?

A—What other means are there?

Q—What is the attitude of your organization toward violence?

A—A member of this Order is not going to engage in violence.

to carry out private crimes. There have been several reported instances of this in the State. Any individual with a grudge and a bed-sheet can commit crime in Louisiana, or elsewhere throughout the South, and get the blame placed on the Ku Klux Klan.

The second weakness of the Klan seems to be the ease with which they have been infiltrated by the police.

The third weakness of the Klan is the fact that they have no centralized leadership, or coordination. They have several strengths which have aided them materially in recruiting and maintaining their organizational structure. First is the unfortunate fact of Communist infiltration into the various social and political movements which are active in the Southern United States at this time, and the fear of the average citizen over being unable to do much as an individual to combat this infiltration.

Another strength is the frustration of many of the citizens of the State with the Supreme Court's strange and sometimes inexplicable decisions which they believe do violence to well-established principles of constitutional law, and help the Communist Conspiracy.

Another reason for the strength of the Klan is the frustration of many citizens with the forced racial-mixing policies of the Federal Government at this time.

A further strength is the fact that the Klan in Louisiana at this moment is basically a "grass-roots" movement, rather than a philosophy imported from abroad. It is spontaneous and based upon statements of policy which embody many of the fundamental basic political concepts of American freedom.

A further strength of the Klan in Louisiana is the fact of the historical tradition of America for the people to protect themselves when they feel they are not being properly protected by their government.

One final strength of the Klan is the innate affinity of many people for secret organizations, complicated rituals, and quasi-conspiratorial activities.

We have obtained from police sources, and from certain leaders of the Klan who supplied them to us at the time of their staff consultation, some exhibits which I think will be of interest to the Committee, and I would like to offer some of them at this time. First I would like to offer from our own research, a clipping from "The Worker," the official publication of the Communist Party, U. S. A. This is an editorial entitled, "An Evil Institution," which discusses the House Committee on Un-American Activities, and its forth-

coming investigation of the Ku Klux Klan. The Worker alleges generally that the House Committee on Un-American Activities, and the Ku Klux Klan throughout the United States, are closely in league, and that the House Committee has aligned itself with "Racists" and "Ultra-Rightists" who are blood brothers to the Klanman, and that these people dominate the House Committee on Un-American Activities. We offer this into the record, Mr. Chairman.

BY SEN. KNOWLES:

Let it be accepted.

BY MR. ROGERS:

Now, from Mr. Murray Martin, the Grand Dragon of the original Knights of the Ku Klux Klan, we obtained some excerpts from policy statements contained in the secret Klan book, or manual, which is used in Klan rituals. This Book is called the "Kloran." Mr. Martin furnished us with some excerpts from it in the form of a statement of policy on one page which we offer into the record, and some excerpts from the Oath which is used by this particular Klan group which we also offer into the record, Mr. Chairman.

BY SEN. KNOWLES:

Let it be accepted.

BY MR. ROGERS:

Mr. Martin further provided us with a list of 50 reasons offered by his organization as to why a person should be a member of the Original Knights of the Ku Klux Klan, which we offer into the record.

BY SEN. KNOWLES:

Let it be accepted.

BY MR. ROGERS:

We have also obtained from Mr. Martin a copy of an application for membership in the Knights of the Ku Klux Klan, which we offer into the record.

An Evil Institution

The conviction in Washington last week of Mrs. Dagmar Wilson, Mrs. Donna Allen and Hans Nixon for "contempt" of Congress shows once more the great power for evil of the House Un-American Committee.

What was the "contempt" for which they were convicted? They had refused to testify in secret sessions for the House Un-Americans. What was it that the House Un-Americans wanted to do? To distort an action by these poor, seeking people in seeking State Department approval for a visa for a Tokyo professor to come to this country to speak at a peace meeting.

The aim of the Un-Americans undoubtedly was to re-establish the atmosphere of fear that enveloped the nation when the Un-American and the McCarthy's had paralyzed the nation in the late 1930's and early 1940's.

Then the promotion of the cold war was the aim; today the aim is the escalation of the duty war in Vietnam.

But Mrs. Wilson, of the Women Strike for Peace, Mrs. Allen, of the Women's International League for Peace, and Nixon, general manager of the National Guardian, courageously defied the House Un-Americans. It is for this that they have been convicted.

The House Un-Americans, the most blatant subversion of the U.S. constitution in the nation's history, want to make it a crime for citizens to contact government agencies, and for a newspaper to provide information for its readers.

In truth, this is the latest move in the House Un-Americans' continuous war against the Bill of Rights, in this case, the rights of the people to petition their government and of freedom of the press.

AND THIS is the committee that has graded for itself the job of "investigating" the Ku Klux Klan. With racists and ultra-rightists — blood brothers to the Klansmen — dominating the House Un-Americans, the nation can expect to see the KKK sheets, which are stained with the blood of its Negro and white victims, come out clean white.

The House Un-Americans are the enemies of all that every decent American wants — peace, equality for all people, economic security. Most of the nation holds the Un-Americans in contempt. They maintain their uneasy existence by intimidation and threat.

Also, a Klan statement on "The Meaning of Americanism," which we offer into the record.

Further, an excerpt from the Koran in use by that group, showing the function of various committees in the committee-system of government used in the Klan Organizations, which we will offer into the record.

BY MR. ROGERS:

And finally the complete text of a Klan booklet called, "The Seven Symbols of the Klan," on five photographed pages which we will offer into the record. This is interesting in that it discusses the basic creed of the Klan, and the significance which the seven symbols used by the Klan have in Klan activities. This information was obtained, as I said, from Mr. Murray Martin.

BY SEN. KNOWLES:

Let it be accepted.

BY MR. ROGERS:

We also obtained from Mr. J. M. Edwards of the United Klans of America, three leaflets which we have reproduced, pictures of which I offer into the record at this time. Among others which he gave us, these are samples of the literature which is used by his particular Klan Organization. We offer them into the record.

INTRODUCTION

After Wilson had influenced the identity of the fields of the great United States in American history, to black with human misery and death that was the presence of a country has been unable to escape the burning has been the spirit of human progress, a those that escape in more. From this we must the third of the New Age, to pass into the leadership of the Southern people and enable them to grasp their traditional values as life.

The Ka Ixla Kila was founded in December, 1944, at Palau. It was the first group of Swabians, including the United States Army, Navy, and Marine Corps, to be established in the South Pacific. The group was organized by the United States Navy, and was the first of its kind in the South Pacific. The group was organized by the United States Navy, and was the first of its kind in the South Pacific. The group was organized by the United States Navy, and was the first of its kind in the South Pacific.

In 1915, the Original Ku Klux Klan was reestablished on Stone Mountain when Colonel William D. Simmons was presented with the secrets of the 1865 Klan. The United Kluxes in a membership of over 5 million and is given to be a powerful political force in many sections. Later the Order was disbanded by proclamation and the Klan secrets given to Klu Klux Klan.

Here, Durr's interview treated the Glider and was elected Imperial Wizard in Montgomery, Alabama. Though Klu Kluxers no longer preside over the Bienville Klan, this Body has the leadership still again given to the leadership of the nation. The spirit of the Klan still lives and should be a priceless heritage to be proudly treasured by those who live this country, regardless of section, and are proud of the sacred traditions.

all of the groups. As I stated to the Committee previously, this particular group from which this came is the smallest Klan Organization in the State, and it is possible that their security measures are less efficient than those of the other groups. This may be why we are able to obtain through police sources, the full text of this Oath. Mr. Chairman, we offer into the record the material which I have just discussed with the Committee.

BY SEN. KNOWLES:

Let it be accepted.

BY MR. ROGERS:

A prime purpose for offering this Oath is, that within the mandate of this Committee from the Legislature, the question of loyalty of citizens to the State of Louisiana, and to the United States of America, inevitably becomes a part of our investigation. The Oath of Allegiance which is shown in this particular secret book, makes quite a point of having the person who takes the Oath swear allegiance to the Government of the United States of America, and I will quote from page 62 here: "I most solemnly assert and affirm that to the Government of the United States of America, and any State thereof of which I may become a member, I sacredly vow an unqualified allegiance above any other and every kind of Government in the whole world. I here now pledge my life, my property, my vote, and my sacred honor to uphold its flag, its Constitution, and constitutional laws; and will protect, defend and enforce same unto death." It's interesting to note that in the excerpts in the Oath used by the Original Knights of the Ku Klux Klan, given to us by Murray Martin, and also in those excerpts given us by Mr. J. M. Edwards, they both quote this particular section of the Oath from their organizations.

Now, in the course of our investigation of the Klan, Mr. Chairman, we came across several interesting facts concerning two other organizations which are not connected with the Klan, but which are carrying on certain clandestine and secretive operations in the State of Louisiana at this time. The first and most important of these organizations is one called "The Robert E. Lee Patriots." This organization is centered in New Orleans and is headed by Alvin Cobb. I have been able to interview Mr. Cobb and take from him a sworn Staff Consultation, which I have on tape here and will be glad to play for the Committee at the conclusion of my testimony. I offer into the record at this time a written transcript of this sworn Staff Consultation which was taken on the 9th of May of this year.

TRANSCRIPT OF THE STAFF CONSULTATION HELD ON
THE 9TH DAY OF MAY, 1965, AT BATON ROUGE, LOUISIANA.
JACK N. ROGERS, ESQ., PRESIDING.

THE WITNESS, MR. ALVIN COBB, AFTER FIRST HAVING
BEEN DULY SWORN TO TELL THE TRUTH, THE WHOLE
TRUTH, AND NOTHING BUT THE TRUTH, SO HELP HIM GOD,
TESTIFIED AS FOLLOWS:

BY MR. COBB: (READING THE QUESTIONS TO HIMSELF.)

Q—The No. 1 question is name, where do you live, where and
when were you born, what do you do for a living?

A—My name is Alvin A. Cobb, I live at 4115 Carondelet Street,
New Orleans, Louisiana. I was born and reared at New Orleans
where my parents are living. I handle researches, abstracts, and land
recovery. I am also president of the Southern Land Recovery Corpora-
tion.

Q—Number 2 question: What is the correct name of the Klan
organization you represent?

A—I never did say that I represented any Klan organization, so
therefore I am not subject to give any name to something that I pos-
sibly have no connection with.

Q—Question No. 3: What is the title of your Klan office, and
what leadership does that title mean?

A—It doesn't mean anything to me, whatsoever.

Q—Question No. 4: Is your Klan organization connected with
any other organization?

A—I am at the head of an organization, I don't claim it to be
a Klan organization, or any other organization—not that I would
be ashamed of it. The reason of the fact that the Federal Government
is promoting the Communist Martin Luther King, who is proceeding
with his "black anarchy," which is destroying the country, and which
in reality constitutes beyond a reasonable doubt the "divide and
conquer plan." As Mr. Khrushchev said, he would be able to take the
country without firing a shot. A part of that question is: If so, which
one and how is it connected? Well, I claim no connection.

Q—Question No. 5: Who is the national head of your Klan organization?

A—When I belong to an organization, whatever it might be, or whatever its motive of organization, or whatever its objectives are, I don't necessarily look to a national leader, I am more or less anti-Communist, which seems to be in these days and times, considered subversive by the Federal Government which promotes Communist organizations.

Q—Question No. 6: Who is the head of your organization in Louisiana?

A—The head of my organization which has no connection, whatsoever, with any other organization is the "Robert E. Lee Patriots," that is my organization in Louisiana, and I am the head of it.

BY MR. ROGERS:

Q—That is the name of the group, the Robert E. Lee Patriots?

A—Yes, sir.

BY MR. COBB:

Q—Question No. 7: How and by whom are the objectives of your organization determined?

A—The objectives of my organization are determined by all Christian citizens who are determined to be extreme and so-called extremists in their desire to stop this country from being completely taken over by the Communists, and are willing to die for what we believe in. We are strictly opposed to Communists, including the Americans For Democratic Action to which the Vice-President of the United States has been affiliated, Martin Luther King, who is now the President of the United States assisted by Lyndon Johnson, and who has the power and authority to call out the Army whenever he sees fit, and to do whatever he thinks proper in order to make the black savage race the supreme race of America, and destroy the white race.

Q—Question No. 8: Is your organization in any way connected with the Communist Party, any other foreign party, agency or government?

A—I would like to ask that question of the President of the United States, the Vice-President of the United States, the members

of the United States Supreme Court, and a whole lot of other people including southern scalawags, and Judas goats who are selling this country out to the Communists. This country is guilty of treason, it is the rulers, the tyrants who run the country are guilty of treason because treason is defined in Webster's Dictionary as, "aiding, abetting, and giving comfort to the enemy." The President of the United States allows the shipment of wheat during times when the Communist party was ready to disintegrate, that is the foreign Communist Party, because their social-system was breaking down, want of food, that they sold the food to them. This country is furnishing materials of war, which according to Webster's Dictionary is treason beyond a reasonable doubt; and I personally believe that I were in a position to take the President of the United States and Vice-President of the United States, and their constituent the Negro Communist, Martin Luther King, and the members of the United States Supreme Court and put them on the stand, beyond reasonable doubt I could prove that they are guilty of treason; and they are guilty of aiding, abetting, giving comfort to the enemy which is Communism, and in reality, if they are not members of the Communist party, they are Communist helpers, and they are not fit to be Americans.

Q—Question No. 9: Is any pledge of allegiance required of the members of your organization, and if so, does it in any way infringe upon or negate complete loyalty to the Constitution of the United States?

A—The members of my organization are sworn to uphold the Constitution of the United States as it was originally written, to do all they can within their power to return the government to the people and not further the interest of the politician because the people are the ones who form the government, and the Government of the United States did not create the people. They are pledged to do all they can to re-establish and to give re-birth to this Nation so it can once again be a government of, for, and by the people.

Q—Question No. 10: What is the policy of your organization as to law violations?

A—We believe in upholding the laws of the land, the law as it concerns the Bill of Rights, and the rights of every American citizen to vote, the right to life, liberty and the pursuit of happiness. We will never believe in the destruction of the Constitution especially as it concerns the "Black Friday" which was brought about by the United States Supreme Court where the Constitution was practically

destroyed and our school system, for one thing, was turned over to the Federal Government, when according to the Constitution, the Bill of Rights and every law the land, the Federal Government has no right or authority to operate the school systems of the United States. Insofar as that is concerned, they have no right or authority to take over free enterprise and destroy States Rights. Now, we are not violent, yet we resent the violence of the "black anarchy"; we do not anticipate doing any sneaky business, or anything for which any other organization might be accused. The fact that certain men who resisted certain organizations which were going to destroy, and had continued to destroy the South during the carpetbagger days, because some men resorted to violence doesn't make us any more guilty today than the Roman Catholic should be held guilty as regards the Spanish Inquisition, or the Martin Luther Reformation Period, or that Mr. Lyndon Johnson should be held guilty because of the actions of Mr. Jenkins, and some of his constituents. Surely I would not give you the President of the United States as being a homosexual, despite the fact that he was so closely associated with a man who had in his hand the most secret, and the most precious secrets of the United States of America, who turned out to be a homosexual, and who was a very close friend of the President of the United States. I would not accuse the President of the United States as being a homosexual, so therefore there is no reason for all of these false accusations about violence. And another thing, if in the event the Federal Bureau of Investigation would be properly used to investigate the Communists who are taking over this country, and they have done a good job so far; if they were used to fight the Communists instead of rendering service to the Communist Negro organizer, Martin Luther King, and if the President of the United States would come out and make speeches against Communism instead of lending support, and giving the full support of our Armed Forces for immoral walks, and trips, and sit-ins, and sit-downs; if the President of the United States would break up all of this Communist operation of Mr. Martin Luther King instead of worrying about anti-Communist organizations, he might be contributing something to good Americanism. It is a crime and a shame that the Federal Government has become servants to the "black anarchy" that now rules the land, and which is also backed up by the Zionist Jews, both national and international, headed by such people as Dombrowski, or whatever his name might be, and Javits, and the defamed defamation society that is out to destroy the purity of the white race, and to create the same as the United Nations intends to do, a one-world government, with a one-world Armed Forces, a one-world religion, and a one-world race of mongrels. We don't intend to take it! Now, this asks

about "law violations." Violations or no violations, when it arrives to defend ourselves against this Communist invasion, it will then be that we will not accept any law to accept Communism because we would rather be "dead" than "red," and at that time we are ready to do what has to be done, the same as George Washington did when the white Christians walked barefooted to oppose the British, and were successful in the birth of this country. The same as did on Lake Erie, and MacArthur did at Pearl Harbor. We are going to have the purity of the white race destroyed, we are going to be forced by force to become a mongrel race, and we are going to accept the doctrine of Communism which began with President Roosevelt and his Communist operations including the Yalta deal, when he put the Communists in business. President Roosevelt called it "The New Deal." Then along came another disciple followed him, the President of the United States, John F. Kennedy who called it "The New Frontier." Mr. Kennedy was a Fabian Socialist, and the lines of demarcation between Socialism and Communism are so insignificant that it is pitiful. There is no difference in my book, both of them are un-Americanism, both are destructive, and both constitute the cancer that is eating away this Nation now, all of which is led by the black hordes of anarchy. We don't tend to be forced to be mongrels or Communists, that's my answer to that question, and we don't intend to be subservient to the United Nations, we believe the American flag should once again fly in dignity and respect to the whole world and not be low-rated such it is thro out the world, where every country we have beaten hates us, where our embassies are being bombed, and where all over the world are saying, "Go home Yank, go home." The Federal Government first should clean house. Charity begins at home, and we don't fight Communism abroad, while the Federal Government itself is contributing to Communism right here in the United States. I want it were in my power to have the money to put Mr. Lyndon Johnson and Horatio Humphrey and some of the others who claim to be good Americans, but who in reality are actually practicing the adoption of Communism, to put them on the witness stand. We don't intend to be forced into this issue, and as far as law violations are concerned, Almighty God made us free men, the white people who built this country, those that suffered, persevered, and gave their blood to build this country, and some of those white people were ancestors mine.

Q—Question #11: What are the qualifications for membership in your organization?

A—The qualifications for membership in my organization are

(1) that the applicant must be a white Christian. (2) He must be a good American, a patriot to America, and a loyal Southerner. We are loyal to the South because it is our native land, and if we were not loyal to our native land, surely we could not be loyal to our country in which our native land is only a part; and its not a question of whether we believe more in the South than the Country, but the fact remains that its not because we love our Country less, but because we love the white Christian race in the South more. Other than that a man must have a good reputation, he must be responsible, and he must be worthy of carrying out his pledge insofar as resisting Communism which includes to the greater part the Communism which exists in this country.

BY MR. ROGERS:

Q—Are there any other qualifications, other than the ones you mentioned? How about Religion, does that play any part in qualifications?

BY MR. COBB:

A—A man, to belong to my organization, cannot serve God and Mammon. The only reason why he cannot be a Roman Catholic is the fact that the Roman Catholic Church made a deal of peaceful co-existence, the same as the Federal Government, with the Communist Party. We don't deal with Communists. He cannot be a Roman Catholic for the reason that the Roman Catholics are promoting intermarriage between whites and Negroes. We believe in the purity of the white race.

Q—Question #12: Approximately how many members do you have in the State of Louisiana?

A—How many members we have in the State of Louisiana can thus be answered: We don't give out that information to begin with, but we have enough members of the State of Louisiana to save the State of Louisiana from Communism, because we have branches of the Robert E. Lee Patriots, and we are willing and ready to defend the State of Louisiana, and might have even enough membership to help defend some other States where the people have been living in apathy like the cancer of Communism has taken over. I fear greatly the possibility in the near future of a complete take-over by the Communist Party if, and when, the Federal Government takes over the Medicare and the Federal Government takes over our voting system, and the Federal Government has taken over our schools

already, and everything else. When they take over our spirit we don't want to be in a position of being forced to write letters to Washington, to the people there. Instead of putting Washington, D. C., we will have to put Washington, District of Communism, or District of the Congo and we are not going to take it and we will give our blood to stop it, and we have got enough men to do it, and we are willing and ready. We are not taking any more of this monkey business about Martin Luther King. He might rule the Federal Government, but we are the Government of the United States, we the people, and we are not going to tolerate any more of this business. And we are sick of the rising crime-rate like the City of New Orleans, 42% raise in crime-rate in one year, and 99% of the crime—I have the records to prove it—are committed by Negroes, armed robbery, murder, rape, dope, and everything else; we are not going to accept it. And, that means this whole business from Washington clean on down. Now, they have infiltrated the colleges, etc., where the fertilizer for this Communism is being used, and the fertilizer is homosexuality. Homosexuality breeds race-mixing, and when they get so low as to do things like that, they become automatically members to the Communist Party, because if they are not loyal to their pride, their respect, and their honor, and they don't have any; when they don't believe in those things, surely they don't believe in anything when they are under the influence of dope or in a homosexual passion where they are ready to sell their country out like Mr. Johnson's friend, Mr. Jenkins. That's my answer to that.

Q—Question #13: What are the objectives of your organization?

A—The objectives of my organization are to do those things which will once again bring back America the way America was. You know this "New Deal" business by Franklin Roosevelt who started it, and then Kennedy with the "New Frontier," and now the President of the United States with "The Great Society." What great society? It appears to be a society of homosexuals, racketeers, socialists, and Communists. We don't want any great society, we are damn well satisfied with the "old time Americanism," that's the only society you want. Insofar as what we stand for, we stand for the preservation of the white Christian race, the purity of the white race, American freedom, civil-rights for white people, not Communists. I repeat, civil-rights for white people and the preservation and the purity of the white race, and freedom for the white Christian people of America. Unlike the Federal Government, we do not believe in helping the Communist Party, we believe in the destruction of Communism. Unlike the Federal Government, we think that our

armies should be used to preserve the Monroe Doctrine, to stop this fortress of the Soviet Union known as Cuba, as we should have stopped it. Unlike the Federal Government, we don't believe in fighting our own people.

Q—Question #14 is: By what means do you propose to realize these objectives?

A—It is my opinion that the greatest power on earth is the will of the people, and from time immemorial the white race has been supreme, so therefore the supremacy of the white race, and the mentality of it cannot be contested, and the will of the people of the white race is to dispense with Communism by doing such things as voting, to dispense with Communism by complaining to these Judas goats who have been elected and sent to Washington who have forgotten that they have ever been elected by the people of Louisiana, by resisting the Communist elements led by Martin Luther King, by giving our demonstrations, by giving our meetings, by doing such things as to stop being pushed around by Communists and black Negro hordes, and to do whatever else might be necessary to defend our lives and our property from those who seek to inject us with that Godless spirit of Communism. We are going to do our best to take care of our country. It is my opinion that it is only a question of time when certain elements running the Federal Government will do as they did before and invade us, as they invaded a little school in Arkansas; and as they invaded a whole Mississippi University; where they used the United States Army. It cost millions and millions of dollars for an immorality parade of Communists and anti-Americans at Selma, Alabama; and we are going to do everything we can do to resist that kind of thing. The white people should parade to show that we are getting damned tired of having Communism injected into us, and having our children in schools and in colleges indoctrinated and regimented, both in the public schools, the parochial schools, and in the colleges. We are sick of it, and we are going to give our own demonstrations, and we are going to declare ourselves free men, and we do not fear anything. As a matter of fact, personally, I don't fear God, I love God, I respect Him. I worship God, but I have no fear of Him, and I have no fear of the Federal Bureau of Investigation which has done such acts as might cause their name to be changed to "Federal Bureau of Integration," rendering service to Martin Luther King when it should be fighting Communism. Now, further than that I will tell you this, we are going to continue on, we don't intend to be interfered with, and this is all a smoke-screen to try to destroy the Birch society, The Minute Men,

the Paul Revere Club, the Klan, the Robert E. Lee Patriots, and every organization that is fighting Communism which is now called subversive. Well, if they are subversive, then by the same means if they are subversive, then the Government must acknowledge that they are supporting a Communist, Martin Luther King, for the purpose of the "divide and conquer" plan so that Mr. Khrushchev can talk over without firing a shot. It is ridiculous to assume that people fighting Communism and willing to die fighting Communism could be subversive; whereas, the heads of the Federal Government are only giving lip-service against Communism. They are feeding them, supporting them, sending them our tax-money, food and everything else. What I would like to know is, what side is the Federal Government on? Our objectives are all American, real Americans, we don't want any half-business. These moderates and left-wingers—that stuff to me should all be in jail because they are not real Americans. If it wasn't for the Government, the churches, and these Communistic labor-leaders promoting all of this Communism in this country, we wouldn't have any trouble, and I am more afraid of the Communism here in America than I am of them over in Russia. We can whip Russia, but we can't whip the people who are selling us out to the Soviet Union, that's my answer to that.

Q—Question #15: Will you furnish the committee with sample of the literature, printed materials used by your organization?

A—I will be very proud, and I will tell you that on most of our literature is these words: "My country tis of thee, once in lands of Liberty, but thee we fight, once again may our land be bright with freedom's holy light, protect us by Thy might, Great God, our King." Now, in conclusion I want to say this: This country is run by the "Establishment," the invisible government. Mr. Rockefeller, proves that when he supports certain Democrats, and certain Democrats prove it when they support certain Republicans. There is an element in both of these crime-ridden parties, the Democrats and the Republicans that control the Party with their money, with their power, with Federal intimidation, persecution, etc., that is whipping America into line. They are owning and controlling the country. This country in my opinion is something like three hundred and forty billion dollars in debt. We are the only country in the world where the people, the citizens, cannot own gold coins, the only country in the world that had paper that was once good for gold, then it was good for silver, then it is not good for a damn thing, its only good to pay debts. I don't have a bank-account, but it is as good as me issuing a check without a bank-account, there isn't

a damn thing to back it up but a debt of three hundred and fifty billion dollars. I believe that any man who should give a check without having a bank-account would be no more guilty than the Federal Government dishing out a lot of paper that is not backed up by anything but the gold that is in other countries. This country has been shipping all of the paper over to these other countries, and these other countries have been taking all of our gold. I doubt very seriously whether there is any gold left in this country; there is supposed to be billions but I would have to see it to believe it.

BY MR. ROGERS:

Q—Mr. Cobb, there are one or two other things I want to ask you before we close. What is your title in the Robert E. Lee Patriots?

A—I am the head of the Robert E. Lee Patriots.

Q—Are you the President?

A—I am the President of the Robert E. Lee Patriots.

Q—Is that organization incorporated, or is it an unincorporated association?

A—Well, it was not incorporated, but it's in the process now with Mr. Wade Martin (Secretary of State) in Baton Rouge. I was President of the "Dixiecrats Democratic Association of Louisiana," so we changed it to the Robert E. Lee Patriots because we are ashamed to be Democrats when you have got such Democrats as Johnson, Humphrey, and the other scavengers running this country.

Q—How is your board of officers that decide your policy chosen? Are they elected from the membership, or how are they picked?

A—They are accepted by the people, if anybody doesn't like them they get up and say it. We have little elections, but we don't have any trouble. We are looking for leadership to lead us out of the valley of death which is the valley of Communism that we are in.

Q—Are they appointed by the leaders of the chapters?

A—No, sir, they are accepted by the group, and if anybody wants to oppose them, they do, but they are all good conscientious men who submit to leadership when in certain cases some people don't have the qualifications of bringing things about. One of our motives is to instruct the people of this city, this state, and country,

wherever we can, as to the fact that they are dying with a. They have a "don't give a damn attitude." The government is to throw fear into the hearts of the people that if you fight N. Luther King, or the Communists, or if you fight back at the N. then the Federal Government is going to eat you alive, that you going to be destroyed, persecuted, and everything else. Well, pe ally, they can do what the hell they want with me, and they drink my blood, but the people that belong to my outfit are myself, and don't give a continental damn. We stand for a pride and we will die for it.

WITNESS EXCUSED.

TESTIMONY OF JACK N. ROGERS, JUNE 16, 1965, (CONTINUED):

BY MR. ROGERS:

Mr. Chairman, the next group with which we have come in contact in our investigation is an organization known as "The Knights of the White Camelia." This group is specifically named on the Attorney General's list of subversive organizations. It is apparently dormant in Louisiana at this time. The Robert E. Lee Patriots are not connected with the Ku Klux Klan, they are not part of it, whatsoever. They simply came to our attention on the basis of The Knights of the White Camelia. We have been informed by police sources that Alvin Cobb is the head, or leader, of The Knights of the White Camelia. As I have already testified, he is also the head of the Robert E. Lee Patriots, Inc. The Knights of the White Camelia are not holding meetings at this time, so far as we have been able to ascertain, and evidently all of their members have gone completely underground, and have at least temporarily disbanded the organization. We are told that these men intend to remain underground until some future situation should become so serious as to require their re-organizing and bringing their organization back to the surface again in an active form. Apparently it is completely dormant at this time. Now, originally, back in Reconstruction Days after the Civil War, The Knights of the White Camelia definitely were a part of the Ku Klux Klan.

The Knights of the White Camelia were originally organized in St. Mary Parish after the Civil War. They were limited in membership at that time to men who had been officers in the Confederate Army. The Organization was primarily political in function, but there were some instances of vigilante action directed against various white carpet-baggers and scalawags throughout this part of the State. In 1868 the membership requirements of The Knights of the White Camelia were revised to include any ex-regular Confederate soldiers. The old Klan was disbanded in 1869 by Gen. Nathan Bedford Forrest, but The Knights of the White Camelia continued in existence to about 1872. The Knights of the White Camelia was well infiltrated through these years by the United States military authorities during the Military Occupation of Louisiana. Certain "Klansmen" went into The Knights of the White Camelia after the Klan was disbanded in 1869. At "The Battle of Canal Street" in New Orleans about 1872, there was an organization which took part called "The White Camelia Company." As you will remember this "Battle of Canal

Street" marked the end of carpathagger rule, and the worst of the Reconstruction Period, in Louisiana. There was a large number of people killed in New Orleans at that time, it was an open-street battle with firearms, and very serious.

The Knights of the White Camelia originally died with the end of the Reconstruction Period. It did continue as a sentimental gesture handed down from father to son. The sons of the old Knights of the White Camelia members were invested with the secrets of The Knights of the White Camelia on their 21st birthday. During the reconstruction of the Klan in the 1915 era, about 1921, The Knights of the White Camelia was reconstituted, and when the second Klan died, The Knights of the White Camelia died with it. At this time The Knights of the White Camelia, so far as we are able to ascertain, is not connected at all with the third Klan, or the Klan which exists now. There is no national or even regional Klan now, of course, only the concept is national. The Knights of the White Camelia at this time, so far as we have been able to ascertain, is simply inoperative, and inactive.

Another thing that came to our attention, Mr. Chairman, during the course of this inquiry was, that there was no Klan activity at all, so far as we have been able to learn, in the Caddo Parish area of this State, this is in the Shreveport area west of Red River. The reason for this, according to the authorities in that area, and according to some Klan sources, too, is the fact that there have been some extremely strong public statements made by the law-enforcement officials of that Parish directing that the Klan stay out of the area and not carry on operations there. The Klan leaders state that they have confidence that they "are not needed" in the Caddo Parish area because of the extreme efficiency of the duly constituted police authorities in carrying out their proper function of law enforcement there.

I think that the transcripts of testimony of the Staff Consultations with the Klan leaders and the leader of the Robert E. Lee Patriots will set forth a rather significant difference of approach toward the problems of the United States, and we leave this to the readers of this report to ascertain.

As to the question of laws dealing with the Ku Klux Klan in Louisiana, there are two very significant legal points which must be considered when analyzing the regulation of the Klan, or the question of whether it should be regulated in Louisiana. The first one is that the Klan in Louisiana does not wear masks; they do in

other States, but not in Louisiana. The reason for this is the Louisiana Revised Statutes, Title 14, Section 313, which is of No. 3 of 1924, prohibits the wearing of masks or hoods in 1 places. I would like to quote from a significant part of the St Mr. Chairman.

"No person shall use or wear in any public place of any character whatsoever, or in any open place in view thereof a hood or mask, or anything in the nature of either, or any facial disguise of any kind or description, calculated to conceal or hide the identity of the person, or to prevent him being readily recognized."

By further terms of the Statute this does not apply to Halo masks, or to Mardis Gras maskers, these are specifically exempt. There is a further exemption for educational and religious activity. The penalty for violation of this Statute is not less than six months nor more than three years in jail, which makes it a rather serious crime.

The second legal point which must be considered in regard to the Ku Klux Klan in Louisiana is that in 1924, by Act No. 2 the Legislature passed a Statute, later embodied into our Louisiana Revised Statutes as Title 12, Section 401, which sought to regulate the Ku Klux Klan in Louisiana by requiring that all secret organizations in Louisiana submit to the Secretary of State annually a membership list, stating the names and addresses of all of the members. In this particular statute most effectively repressed the Ku Klux Klan in Louisiana for some 37 years. In 1957 or 1958, the State of Louisiana applied this Statute to the National Association for the Advancement of Colored People, and the Statute was challenged in the Federal Courts at that time. In the case of "State ex rel Gremillion NAACP," (reported at 65 Supreme Court Reporter 1373,) the United States Supreme Court on May 26, 1961, overthrew the Louisiana Statute, and declared that it was an unconstitutional violation of civil rights. This particular decision has made possible the resurgence of the Klan in the State of Louisiana. Not until this decision became effective, was the Klan able to reorganize and gain stature, position and strength within this State. It is ironic that the NAACP was the instrument by which the Ku Klux Klan in Louisiana was given the green light to reorganize and come back to some substantial strength.

Without this particular Statute, at this time in Louisiana it appears to be no effective way to regulate or control the Ku Klux Klan or similar activities.

survey of the District Attorneys of the State has produced a completely negative report on the question of criminal acts being performed, instigated, aided, abetted, counseled or procured by any Klan organization in the last five years. There is evidence of a strong effort by practically all Klan leaders in Louisiana to negate violence and to promote political action as the basic policy of their organizations.

The Klan groups operating in Louisiana at this time have all developed since the decision of the Supreme Court of the United States in the case of "State ex rel Gremlion vs. NAACP" in 1961. The first modern Klan group chartered in Louisiana in 1959 did not prosper to any significant degree until after the 1961 decision. The legislation voided by that decision had successfully repressed the Klan for thirty-seven years in Louisiana. It appears to the Committee that since the 1961 decision, it has been, and is now, practically impossible to regulate the Klan in Louisiana by a constitutional statute. None of the Klan groups active in Louisiana today is the same as any of the four Klan groups placed on the Subversive List of the Attorney General of the United States in 1950, nor were any of these four Louisiana groups in existence at that time.

One week before this report was sent to the press, a large-circulation national magazine commented on the "secrecy" in "The Klan" on "even the smallest details about organization or recruiting." The Committee has found the Klan to be substantially less secret than many other organizations such as the Knights of Columbus or the Masonic Orders. The evidence obtained by our staff and reproduced in this report clearly shows the lack of secrecy and security in the Klan organizations.

Anti-Catholicism is evidently no longer a significant factor in the policies of the Louisiana Klan organizations. One of the four Louisiana Groups, the Old Original Ku Klux Klan, now accepts Catholics in its membership.

Why do Louisiana citizens join the Klan? What need in their lives does it fill? The answers to these questions are varied and numerous, but the basic answer is that modern society and government have not provided these citizens with adequate means of expressing their frustrations. The Klan does this to some degree. The prime factor in this problem appears to be frustration with the current national administration. Every speech by a national political figure demanding more federal control over the lives of the people, advocating appeasement of the Communists, urging some greater measure of

surrender of our national sovereignty, attacking the constitutional system of federalism or "States Rights", or denying the existence of Communist infiltration which is actually a matter of incontrovertible fact, is a recruiting speech for the Klan. The Courts of our nation help Klan recruiting significantly with each decision that through devious and sometimes ridiculous interpretation of the Constitution weakens or destroys the basic constitutional rights of the States, supports the Communist Conspiracy against the legitimate interest of free society, frees obviously guilty or even self-confessed criminals on the vaguest of technicalities or even usurps openly the law-making function of the people constitutionally carried on through the Congress and the Legislatures. Each manifestation of forced race-mixing through executive order, Court judgment or the bald-faced dictat of some Federal agency, is a help to the Klan recruiting program. The frustration of citizens concerning these things, and the growing fear that the basis for such things is pure political expediency rather than a sincere interest in the welfare of the nation under the Constitution, is the reason that many Louisiana citizens have joined the Klan. They are unable to individually do anything about such problems, and the Klan apparently offers a means of collective action.

The Klan ritual, secrecy, and stated policy, offers some measure of collective security to people who see the whole political, economic and social structure of this State under concerted and vigorous attack. Up to this time, the Klan in Louisiana has not been the vehicle for violence that it has been in various other States. The orientation of the Klan is currently shifting even further toward a political-action group in Louisiana and will probably continue to follow this trend. Much Klan activity seems to be based upon the member's liking for secrecy and intrigue along with a certain Halloween spirit that is common to most Americans.

The Committee does not seek to either justify or condemn its policy statements under which the Klan organizations purport to operate in Louisiana. They are contained in detail in this report and the reader may agree or disagree with them as he chooses. The Committee does take particular note of the existence of the non-Klan organizations mentioned in this report, particularly as to the different and much more militant policies of these groups. It is not the function of the Committee to criticize or praise the philosophy or orientation of any group or individual in regard to race relations, or any other subject outside the mandate of the Committee which deals with subversive activities. The Committee does state again, as in all its previous

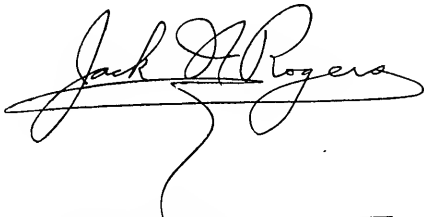

reports, that "rights" for individuals, or organizations, do not exist without equal "responsibilities." The mere hiding behind a facade of high-sounding principles does not relieve any individual or organization of his or its legal and moral responsibilities as a citizen of this State and Nation. This applies to all citizens and all organizations, whatever be their name or the color of their members.

Jesse M. Knowles, Chairman.
